

REMARKS

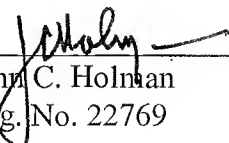

This is submitted as a full and complete response to the Examiner's requirements set forth in the letter mailed November 10, 2009. The Examiner noted that the indicator for Claim 6 was incorrect and this has now been corrected with the status identified "cancelled". Moreover, the indicators for the other claims are changed since the other claims have been currently amended to show antecedent basis, i.e., that they are dependent claims. Furthermore, some of the possessive apostrophes have been removed from Claims 7 and 8. It is submitted that no new matter has been added rather the claims have been placed in more grammatical English and the claims are now in condition to be passed forward to issue.

The Examiner has also required that Figure 1 have an indicator "prior art" and this has now been done with the substitute sheet containing Figures 1 and 2. The original three sheets of drawings above have been replaced a remove "secret" from the drawings. No new matter has been added.

It is submitted that all outstanding matters have now been overcome but if there is any further matter the Examiner feels is required before passing this application to issue, the Examiner is invited to call undersigned counsel.

Respectfully submitted,
